Bullarto Dullalulli Wurundjeri Woiwurrung Bik. (I am on Wurundjeri
Woiwurrung Country).

I want to acknowledge the traditional owners of this beautiful land which we have the privilege to learn, work and play on each day, the Wurundjeri people of the Kulin nation. I would like to pay my respects to all Aboriginal and Torres Strait Islander people and their elders past and present. At Glen Waverley Secondary College, we are privileged to continue on with the traditions of story sharing through our journey to be lifelong learners, which have been an essential part of Aboriginal culture for generations.

Transition into Year 7 2027

Glen Waverley Secondary College understands just how important the transition from Primary to Secondary school is. Our college community goes above and beyond to welcome our newest members each year. The Middle School support structure includes the Director of year 7, two year Level Leaders, Disability inclusion leader and Programs Leader. This team leads a thorough program to ensure that our newest students settle into the college. The transition process begins with an information evening, orientation day in 2026 and then a further orientation program that is run on the first few days of school in 2027.

“At Glen Waverley Secondary College we are committed to building a culture of respect and responsibility. We show this in the way we use technology and interact online. We teach our students about responsible digital behaviours, including how to recognise and respond to online dangers and threats.”

- Under-16 Social Media Restrictions: As a Victorian Department of Education school, GWSC supports the Australian Government's social media minimum age requirements for students under 16. These include TikTok, Snapchat, Instagram, Facebook, YouTube, Reddit, Threads, X, Twitch and Kick, among others.
- Recommend parents refer to the E-Safety commission website.
- College Expectations: GWSC does not endorse or encourage student group chats associated with the College, year levels, classes or form groups.
- Student Safety: Large group chats can create opportunities for inappropriate communication, peer pressure, cyberbullying and poor decision-making.
- Parent Support: We encourage parents and carers to actively monitor their child's online activity
